

We need push back. We have to stand up against these Bad Bills

We are currently tracking 15 BAD bills and 8 GOOD bills. We are still scouring the legislation to see if there are more that need our attention. We ask that you not sit back and see what happens with these. Bills can be killed in Committee but without people calling and emailing in, they'll fly through. It only takes 20 to 30 minutes to call your representatives. PLEASE share this with your friends, family, church congregations and more. Here are the 4 position letters we have sent off so far. Email a copy to your Assembly and Senate representatives or to share these with friends as well, to not just tell them about the bill but give them insight into why people Oppose or Support the bill." share these with friends as well, to not just tell them about the bill but give them insight into why people Oppose or Support the bill."

We, as a community of Business owners and Employees across all fields, write in to Oppose AB1993 which would force an employer to impose a requirement on each employee or independent contractor, who is eligible to receive the COVID-19 vaccine, to show proof to the employer, or an authorized agent thereof, that the person has been vaccinated against COVID-19

SB 1479 - <https://acrobat.adobe.com/link/track?uri=urn:aaid:scds:US:78af4cae-92ea-3ea1-a32b-70854f2a8716>

RE: Senate Bill 1479: COVID-19 testing in schools: COVID-19 testing plans - OPPOSE SB 1479 (Pan) would require the California Department of Public Health to administer school COVID-19 testing programs and require schools to create a COVID-19 testing plan to be managed by a school staff member. In addition, the bill would expand the testing requirements to include Prekindergarten, after school care, and childcare centers.

SB 1464 - <https://acrobat.adobe.com/link/track?uri=urn:aaid:scds:US:48e202ca-3af3-3358-8358-ca4116914b9b>

RE: Senate Bill 1479 : C ommittee Members Law enforcement: public health orders rongly oppose SB1464.OPPOSE The members of Stand Up Sacramento County: residents, community members and business owners, st SB1464 would require Law Enforcement Officers of all branches to enforce Public Health orders as deemed necessary by the Public Health Department.

SB 871 - <https://acrobat.adobe.com/link/track?uri=urn:aaid:scds:US:923d35c4-0240-38b2-babf-1e349d5c7e63>

Stand Up Sacramento County, a nonpartisan group of citizens concerned about policies coming out of local and state government that encroach on our freedoms, formally OPPOSE SB871. The role of schools is to educate our children. Arguably that has not been done the last 2 years with Public Health being the primary concern.
