**Step two:** See attached letter below, cut and paste all of it and paste it into a new email from your email.

**Step three: Press send! Done**

Honorable Ladies and Gentlemen of the Nevada County Board of Supervisors,

As voters of Nevada County, we are demanding a third-party hired and under your authority to conduct a fair and unbiased election for the upcoming Nevada Clerk Recorder - Recorder of Votes for both the Primary and General 2022 elections.

We are demanding Clerk Recorder Gregory Diaz, Assistant Clerk Recorder Natalie Adona, and the entire Clerk Recorder staff, recuse themselves of all election maintenance, counting, and validation of both mail in ballots and scanned ballots for the entire election starting first with the Primary on May 28th, 2022- June 7, 2022 and then on until all votes are processed.

We are demanding the Clerk Recorder as mentioned above, and all staff not interfere or ask about ballot counts coming in concerning demographic, tallies, or other cast ballot information important to election vote count until they are completely recused.

Cal. Govt. Code § 25201 provides as follows: “Subject to the provisions of the elections Code, the board may establish, abolish, and change election precincts, appoint inspectors, clerks, and judges of election, canvass all election returns, declare the result, and order the county elections official to issue certifications of election.”

The Nevada County Board of Supervisors has the right and authority to make this happen, and they must for the sake of the integrity, transparency, and fairness of this election. Or, We The Concerned Citizens Of Nevada County, will demand an automatic audit immediately following this election.

The third-party vendor of the Hart Machines were brought in under contract agreement Resolution No. 19-325 to offer support for the November 5, 2019 Assembly District 1 Special General Election upon the purchase of the new machines. Can this same vendor support be offered for the Primary and General Elections because of this elections circumstances and the knowledge of the machines?

Our list of concerns:

-Nevada County Clerk Gregory Diaz, the Assistant Clerk Recorder Natalie Adona- candidate for the office of Clerk Recorder- Recorder of Votes, and the election staff with in the Clerk Recorders office and under the guidance of the Clerk and Assistant to be authorized to count and process the votes of the candidate Natalie Adona seeking this office that holds elections

-Upholding fairness and unbiased to other candidates on the ballot running for the Nevada County Clerk Recorder - Recorder of Votes that are not privilege to the same election process and

recordation of the ballots as they do not work in the office the same amount of time and longer as the staff currently in there to observe and legibly gather the data

-The Clerk candidate will be able to directly see districts voting and how their vote is being cast and can use this data as a privileged advantage to “get out the vote” effort where there is a deficiency in her voter turnout. This is a direct disadvantage to the other candidates running for the same office.

Why did the current Clerk Recorder not handle this matter on his own and take it upon his conscience to create an unbiased election?

It has come to We The Concerned Citizens Of Nevada County demanding this election be observed and processed by a third-party with the right of observation still in place for transparency efforts by the public until all votes are counted. Windows, cameras, and other observing efforts do not substitute for a candidate processing and validating an election they are a candidate in.

Thank you kindly,

The Concerned Citizens of Nevada County
